

Ammar Mahmood

Senior Frontend Developer

Bengaluru, India | +91-9520642220 | ammarmahmood97@gmail.com | [LinkedIn](#) | [Portfolio](#) | [GitHub](#)

SUMMARY

Senior Frontend Developer with 5.5 years of experience developing high-performance, scalable, and user-centric web applications. Expertise in **JavaScript**, **HTML5**, **CSS3**, and frameworks like **React.JS**. Proven ability to build reusable components, optimize applications for speed and scalability, and implement **UI/UX designs**. Strong collaboration with cross-functional teams in Agile environments. Skilled in **RESTful API integration**, responsive design, and modern front-end development tools like **Webpack** and **Git**.

EDUCATION

City Vocational Public School, India

Graduated May 2015

High School

DIT University, India

Graduated May 2019

Bachelor of Technology in Information Technology

PROFESSIONAL EXPERIENCE

Senior UI Consultant, Infogain

Oct 2024 – Present

- Developed UI components using Javascript and TailwindCSS, elevating user experiences across Client's 20 live brands
- Collaborated with cross-functional team members, ensuring seamless delivery within a dynamic 2-week sprint cycle.
- Optimized Core Web Vitals by reducing Cumulative Layout Shift (CLS) and First Contentful Paint (FCP), utilizing tools like Lighthouse and PageSpeed Insights to enhance performance and user satisfaction.
- Utilized tools like datadog to monitor application downtime, 400 and 500 errors
- Utilized Browserstack to analyze end user experience across multiple devices and accordingly providing necessary improvements, enhancing UI/UX

Consultant, Deloitte

Nov 2022 – Feb 2024

- Developed responsive and modular UI components using **React.js**, **JavaScript**, **HTML5**, and **CSS3**.
- Optimized performance with Redux for state management, enhancing application speed.
- Spearheaded the deployment of 20+ React.js features, reducing deployment errors by 30% using CI/CD pipelines.
- Conducted code reviews to ensure frontend best practices, improving maintainability and enhancing user experience.
- Resolved over 50 front-end issues, improving reliability and reducing user-reported bugs by 20%.

Software Engineer, Wipro

Aug 2019 – Oct 2022

- Led the development of responsive web interface dashboard in React.JS for SABIC (Saudi based Chemical Company).
- Created reusable components and ensured cross-browser compatibility across various platforms.
- Migrated 7+ legacy Adobe flash applications for a Japanese client based on ActionScript to modern Frontend technologies.
- Implemented responsive design using HTML5 and CSS3, and Figma ensuring compatibility across different devices and screen sizes improving user experience by 50%.
- Developed a real-time anomaly management system, reducing downtime by 15% across multiple plants.

TECHNICAL SKILLS

- **Programming Languages:** HTML/CSS, JavaScript, TypeScript, Python.
- **Frameworks & Libraries:** React.Js, Redux, Zustand, TailwindCSS, Bootstrap.
- **Technical skills:** Webpack, Vite, Parcel, Debugging, Code Review, Core Web Vitals, not design, Restful APIs, Jenkins, Azure Devops, Version Control, Git, Github, bitbucket, Figma, Adobe XD, VS Code, NPM, datadog, Browserstack
- **Database:** MongoDB, MySQL.

PROJECTS

VideoHive

- Video streaming web app developed using **React.JS**, React router, Redux and youtube's live APIs for popular list and search.
- Enhanced app performance through techniques like **debouncing** for search and lazy loading for improved user experience

Favorite's Quote App

- Random quote generator web app using React.JS, TailwindCSS and Daisy UI for customized and reusable UI components.
- Favorite quotes are stored on the local storage of the browser and are accessible when the user revisits the application.

LEADERSHIP AND ACHIEVEMENTS

- Strong problem-solving skills and a passion for continuous learning.
- Excellent communication and interpersonal skills, with a proven ability to collaborate effectively in team environments.
- Adaptable and results-oriented, with a focus on delivering innovative solutions that drive business growth.
- Awarded the Victory League cup for outstanding contributions to project deliverables.
- Delivered high quality, user-friendly applications that met business objectives and exceeded client expectations.
